

NRA Gold Medal Club

On March 30, 2022, Governor Mike Parsons announced an end to the COVID-19 crisis in Missouri and that the state will be shifting to the endemic phase of the pandemic.

This concurred with a vote by the ARPC Board of Directors to rescind **Board Policy Statement 2020-01.4 – ARPC Compliance with State of Missouri and Jefferson County COVID-19 Restrictions**, effective immediately.

The Board is grateful to all our members and their guests who adhered to the club's COVID policies during the last two years and reduced the risk of transmission. While the club's restrictions have been lifted, individual match directors may choose to continue COVID precautions for their disciplines at their discretion.

Although the crisis has abated, COVID-19 continues to circulate, so members who are ill or feel they may be at risk of having been exposed should not come to the club until they have recovered.

Respectfully,

Tiffany Calzone
Secretary | ARPC Board of Directors
